GIRL IS VICTIM OF APHASIA

Is Found Wandering Streets of Brighton, Clad Only in Nightdress—Cannot Identify Herself.

London.—Returning home in the early hours of the morning in a quiet residential part of Brighton, a Mr. and Mrs. Rodda were met by a girl, aged about eighteen, clad only in a nightdress adorned with lace and pink bows. Her feet were bare and her long hair streamed over her shoulders.

Spoken to she turned to run and dashed into a cab horse with such force that she fell stunned. Mr. and Mrs. Rodda called a policeman, who put her in a cab and ultimately took her to the workhouse infirmary. There she has maintained a fixed gaze and a stubborn silence. She will not answer questions nor use a pencil and paper placed before her. She has a refined appearance.

She was brought before the magistrates as being of unsound mind, and on evidence to that effect was remanded to the infirmary for a fortnight.

After the first discovery several articles were found in an adjacent garden making a complete outfit of outdoor apparel, the hat, jacket and stockings of blue, the blouse white, the skirt gray, the shoes black. The clothes are of good quality.

DOUBLY PROVEN.

Perryburg Readers can No Longer Doubt the Evidence.

This Perryburg citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. Erwin Bruce, Fifth St., Perryburg, Ohio, says: "For some time I was annoyed by attacks of pain in my back, just over my kidneys. In the morning when I rose, the trouble was most noticeable and I was very anxious to get relief. One day I read an account of Doan's Kidney Pills curing similar troubles and I was led to use this remedy. In a few days the trouble disappeared and there has been no return attack. I also know of two other instances in which Doan's Kidney Pills have cured kidney disorders."

Mr. Bruce gave the above statement in July 1906 and on May 17, 1909, he said: "I gladly confirm my former endorsement of Doan's Kidney Pills, as time has proven my cure to be a permanent one."

Boy Plays Spartan.

Cincinnati.—An example of great fortitude has been brought to the notice of the Cincinnati police. When a patrol wagon rushed to the scene of an accident, the crew found a boy of 19, who gives the name of John Cronin, of Indianapolis, sitting calmly against a telegraph post, with both his legs cut off. He had tried to board a freight train and had fallen beneath the wheels. After the accident he crawled to the pole and braced himself against it. A passer-by noticed him.

"What's the matter?" asked the stranger.
"Nothing much," he answered; "just lost both my feet—that's all."
Then the stranger called the police.

FOOD COSTS 25 CENTS WEEK

George H. Ward, Champion Pedestrian of Connecticut Valley, Solves Problem of Cheap Living.

Middletown, Conn.—Because his ability to live on an expenditure of 25 cents a week for food has been questioned, George H. Ward, seventy-four years old, the champion pedestrian of the Connecticut valley, the other day invited the editor of the New Britain Herald to come to Middletown and spend a week's vacation with him.

Ward promises to keep the editor well fed and to return him to his home feeling better than ever before in his life, although the food for both of them will cost but 25 cents for the week.

The principal article on Ward's menu is oatmeal or some similar cereal, of which he has a good-sized plateful for breakfast. At noon he dines lightly on peanut butter and crackers. For supper he has oatmeal or some other cereal again. Tea is the only stimulant he ever uses. On Sundays he usually enjoys a treat of pancakes.

Ward has been living on this diet for the past three years and is the picture of health. He walks 15 miles each day and says this is the most healthful of all forms of exercise. He expects to live to be a hundred years old by following his routine.

OHIO EXPOSITION TO BREAK RECORD

Larger Building Equipment Required For Exhibits.

WILL BE OPEN DAY AND NIGHT

Good Roads Enthusiasts Will Find Much to Interest Them This Year In an Inspection of Miles of Fine Driveways Throughout the Grounds, Which Are Being Resurfaced Under Direction of the State Highway Commissioner.

An idea of the magnitude to which the Ohio State Fair, Aug. 28 to Sep. 1, is expected to attain can be had by contemplating the great cattle exhibit building. Already one of the most complete structures of its kind in the country, and which accommodated one thousand head of cattle last year, is being enlarged to care for sixteen hundred thoroughbreds. It now becomes probably the greatest cattle exhibit building in the world, and the cattle show that will be staged within it during State Fair week will equal, if not excel, any exhibition of the kind ever attempted in the nation. Entries, which close Aug. 12, are being received hourly, and already it is evident that the exhibits of other years will be far exceeded this year. A new high water-mark will be attained for future fairs to strive for.

Citizen Solidarity.
The cream of the Ohio National Guard, in full schiller uniform, will do police duty at the Ohio State Fair Aug. 28 to Sept. 1. General Weybrecht has consented to select them, and they will be drawn from every company in the state and will be the pick of our citizen soldiery. In addition to doing police duty they will exhibit a regular army camp on the grounds and will appear on dress parade daily for the edification of the throngs in attendance.

Fire Drill.
Another feature of this year's fair will be daily exhibitions by two companies of regular city firemen. A magnificent new fire department building is nearing completion, and in it will be housed two full companies of Columbus firemen, with full equipment of fire fighting apparatus. They will be on duty to guard the millions of dollars' worth of buildings and exhibits, and will also give daily drills for the pleasure of the spectators.

Good Roads Exhibit.
Good roads enthusiasts will find much to interest them at the State Fair this year in an inspection of the miles of fine driveways throughout the grounds. These roadways are all being resurfaced under the direction of the state highway commissioner, and are developing into the most perfect specimens of up-to-date roadways. In addition to the roads being thus treated, the commissioner is putting in short sections of entirely new driveways as specimens of the latest and most approved methods of highway construction. It will be worth the while of everyone interested to see and study them.

MILLION DOLLAR SHOW OF HORSES

Grand Exhibit of Pure Bred Animals at Ohio State Fair.

The largest importers and breeders of draft horses in America are located in Ohio and Indiana, and the prize animals of these stables will be exhibited at the monster Horse Show, which is always a feature of the Ohio State Fair. The horses shown at this year's fair will total a value of more than a million dollars, and no other exhibit of horses will anywhere near approach it, not excepting the great New York Horse Show.

The Horse Show is only one of many big features of Ohio's State Fair. The cattle exhibit will be unexcelled in the nation, and probably only equalled by the International. The cattle exhibit building already one of the greatest structures of its kind in the country, is receiving a \$20,000 addition, which will enable the management to house and exhibit no less than sixteen hundred head of cattle.

The building on the State Fair grounds occupy more than thirty acres, and the machinery exhibit, most of which will be in the open, will occupy forty acres. A \$5,000 fireworks display, depicting Perry's Victory on Lake Erie, will be the grand finale of each evening's exhibition.

INTENSE INTEREST ATTRACTED.
So great and widespread is the interest in this year's fair that \$3,000 worth of postage will be required to carry on the correspondence relative to it. Five thousand dollars is being spent for paint alone, with which to preserve and beautify the scores of great exhibit buildings, and hundreds of artists, painters and decorators will be employed right up to the moment of the opening.

Smelter Proves to Be Mine.
Kansas City, Mo.—A "mine" which has yielded \$40,000 in gold, silver and other metals in the last two years and now is expected to give up treasure worth \$1,000 a week, is being worked in Kansas City, Kas. The "mine" is at the plant of a structural steel company, the site of which was formerly occupied by a smelting and refining company.
